

# MOPEDS AND COMMUTERS

# FUN AND ECONOMY ON TWO WHEELS

The days of crowded buses and trains and crawling commuter queues are over when you step into Honda's two-wheel world.

Honda's unbeatable 1984 range of Mopeds and Commuters has been extensively researched to ensure every machine meets a particular need. And that every one is easy to ride, economical to run and fashioned to complement your lifestyle.

**Comfort and Convenience.** Every model is a pleasure to own. Comfort and convenience are common to all. Take the new City Express moped. Sit on the comfortable padded seat. Open the throttle and off you go – no gears or clutch to worry about. And with its 49cc engine, the City Express like all other Honda mopeds can be ridden by everyone in the family over 16 years of age.

Or the best selling Cub commuter step-thrus, which combine fabulous economy and no-nonsense practicality. At a very realistic price.

**Forefront of Fashion.** Then there's Honda's exciting and stylish scooters. 21st century looks put the Lead and Spacy scooters at the forefront of fashion. Their enclosed body styling and simple controls make them ideal for town commuting.

**Ride on a Full Car Licence.** Don't forget all Honda mopeds can be ridden on a car licence. Without 'L' plates. To ride a 50-125cc machine, all you need is a provisional motorcycle licence. Attach 'L' plates and you're away. Your Honda dealer will have details of Star Rider training schemes in your area.

**Believe in freedom. Believe in Honda.**

## PX50

For the sports-minded moped rider. Designed with fixed footrests, kickstarter, automatic transmission and two-stroke engine. Key features include: self-mix lubrication system, front and rear suspension, full lighting system, traffic indicators. ## MELODY MINI

The smallest of the Melody family, the Mini is a basic economical scooter featuring the highly successful Melody two-stroke engine and fully automatic transmission. Key features include: twin rear view mirrors, rear carrier, traffic indicators and soft padded seat. Dimensions: length 1490mm, width 585mm, height 915mm with 10" front and rear wheels and a 2.5 litre fuel tank.

## MELODY DELUXE

The ever popular Melody comes in many attractive body colours and is available with electric starting. Key features include: fully automatic transmission, 12 volt electrics, front basket, leg shield pocket, and rear carrier, fuel gauge and rear view mirror. Dimensions are: length 1520mm, width 630mm, height 960mm with 10" front and rear wheels and 3.2 litre fuel tank.

## New Style MELODY DELUXE

The new look 1984 Melody Deluxe has a distinctive scooter styled body with full side covers that feature a lockable off-side compartment box. Designed with all the Melody key features but with a larger generously padded seat, big front mudguard and twin rear-view mirrors. Dimensions: length 1555mm, width 630mm, height 960mm with 10" front and rear wheels and 3.2 litre fuel tank.

## STREAM

The Honda 3-wheel Stream brings a new look to town travel. A unique profile which combines the ease and economy of two-wheel travel with the style of four-wheel cruising. Designed with a 49cc two-stroke engine, automatic transmission, electric start, full front and rear suspension, twin rear-view mirrors, 12 volt electrics, adjustable seat, two lockable storage compartments, fuel gauge and combined ignition steering lock. Dimensions: length 1665mm, width 570mm, height 970mm. Dry weight 76kg and a 4 litre fuel tank.

## C50 LA AUTOMATIC

The automatic choice in step-thru's. This moped styled version based on Honda's world famous 4-stroke C50 features a fully automatic smooth as silk transmission, step-thru frame design, 12 volt electrics, powerful lighting system, large dual soft padded seat, pillion footrests, leg shield protection, twin rear view mirrors and full front and rear suspension. Dimensions: length 1800mm, width 660mm, height 1010mm. Fuel capacity: 4 litres.

## MOPEDS

# SCOOTERS

## NH80 LEAD

Scooters are back at the forefront of fashion for the eighties. Available in three attractive body colours. 79cc two-stroke engine, V-matic transmission, electric start, full front and rear suspension, 10" cast wheels, dual seat and pillion footrests, twin mirrors, full instrument panel with fuel gauge. Indicators and rear carrier. Dimensions are: length 1675mm, width 665mm, height 1070mm, 5.3 litre fuel tank.

## NH125 LEAD

A modern and stylish scooter for today's learners. The Lead 125 features a single cylinder two-stroke engine, automatic transmission, electric starting, full front and rear suspension, 10" cast wheels, rev counter, twin rear view mirrors, dual seat and rear carrier. Dimensions: length 1750mm, width 645mm, height 1090mm with a 7.3 litre fuel tank.

## CH125 SPACY

Futuristic space age styling with an exciting specification, the all new Spacy 125 features a single cylinder 4-stroke liquid cooled engine, automatic transmission, electric starting, protective body styling, electrically opening square headlamp, rear carrier, twin mirrors, digital speedo and full instrumentation. Dimensions: length 1940mm, width 660mm, height 1150mm with 10" wheels and 8.3 litre fuel tank.

## C50 SUPER CUB

The smallest of Honda's best selling range of commuter step-thrus, the C50 Super Cub has a brand new 49cc engine which is designed for super fuel efficiency. The new, easy-to-operate rotary gearshift means the rider can change directly from 4th gear to neutral when stationary. Dimensions: length 1835mm, width 660mm, height 1030mm, with a 4 litre fuel tank.

## C70

The bigger brother to the C50, the C70 is equipped with a more powerful 70cc, overhead camshaft, four-stroke engine. Designed for longer distance urban riding, the C70 still returns a fuel consumption figure in excess of 200mpg. Dimensions: Length 1800mm, width 660mm, height 1010mm. Fuel capacity 4 litres.

## C90 CUB

Top of the Cub range, the new C90 features an 85cc four-stroke engine powerful enough to cope with inter-town travel when required. The C90 continues the Cub's tradition of easy starting, reliability, simple maintenance, and incredibly low running costs. The new easy-to-operate rotary gearshift means the rider can change directly from 3rd gear to neutral when stationary. Dimensions and fuel capacity as C50.

## COMMUTERS

# COMMUTERS

## CF70

With a similar ultra reliable engine to the C70 but with fully automatic transmission and housed in a small 10" wheel step-thru frame this model offers fabulous fuel economy. Key features include: 12 volt electrics, front basket and rear carrier, traffic indicators, dual seat and pillion footrests, and rear view mirror. Dimensions: length 1650mm, width 655mm, height 995mm with a 2.8 litre fuel tank.

## H100S

The ideal commuter for the economy minded sports rider with features like a high performance two-stroke engine with primary balancer, 5-speed transmission, full front and rear suspension, dual seat, 18" wheels, traffic indicators and rear view mirror. Dimensions: length 1860mm, width 690mm, height 1020mm with an 11 litre fuel tank.

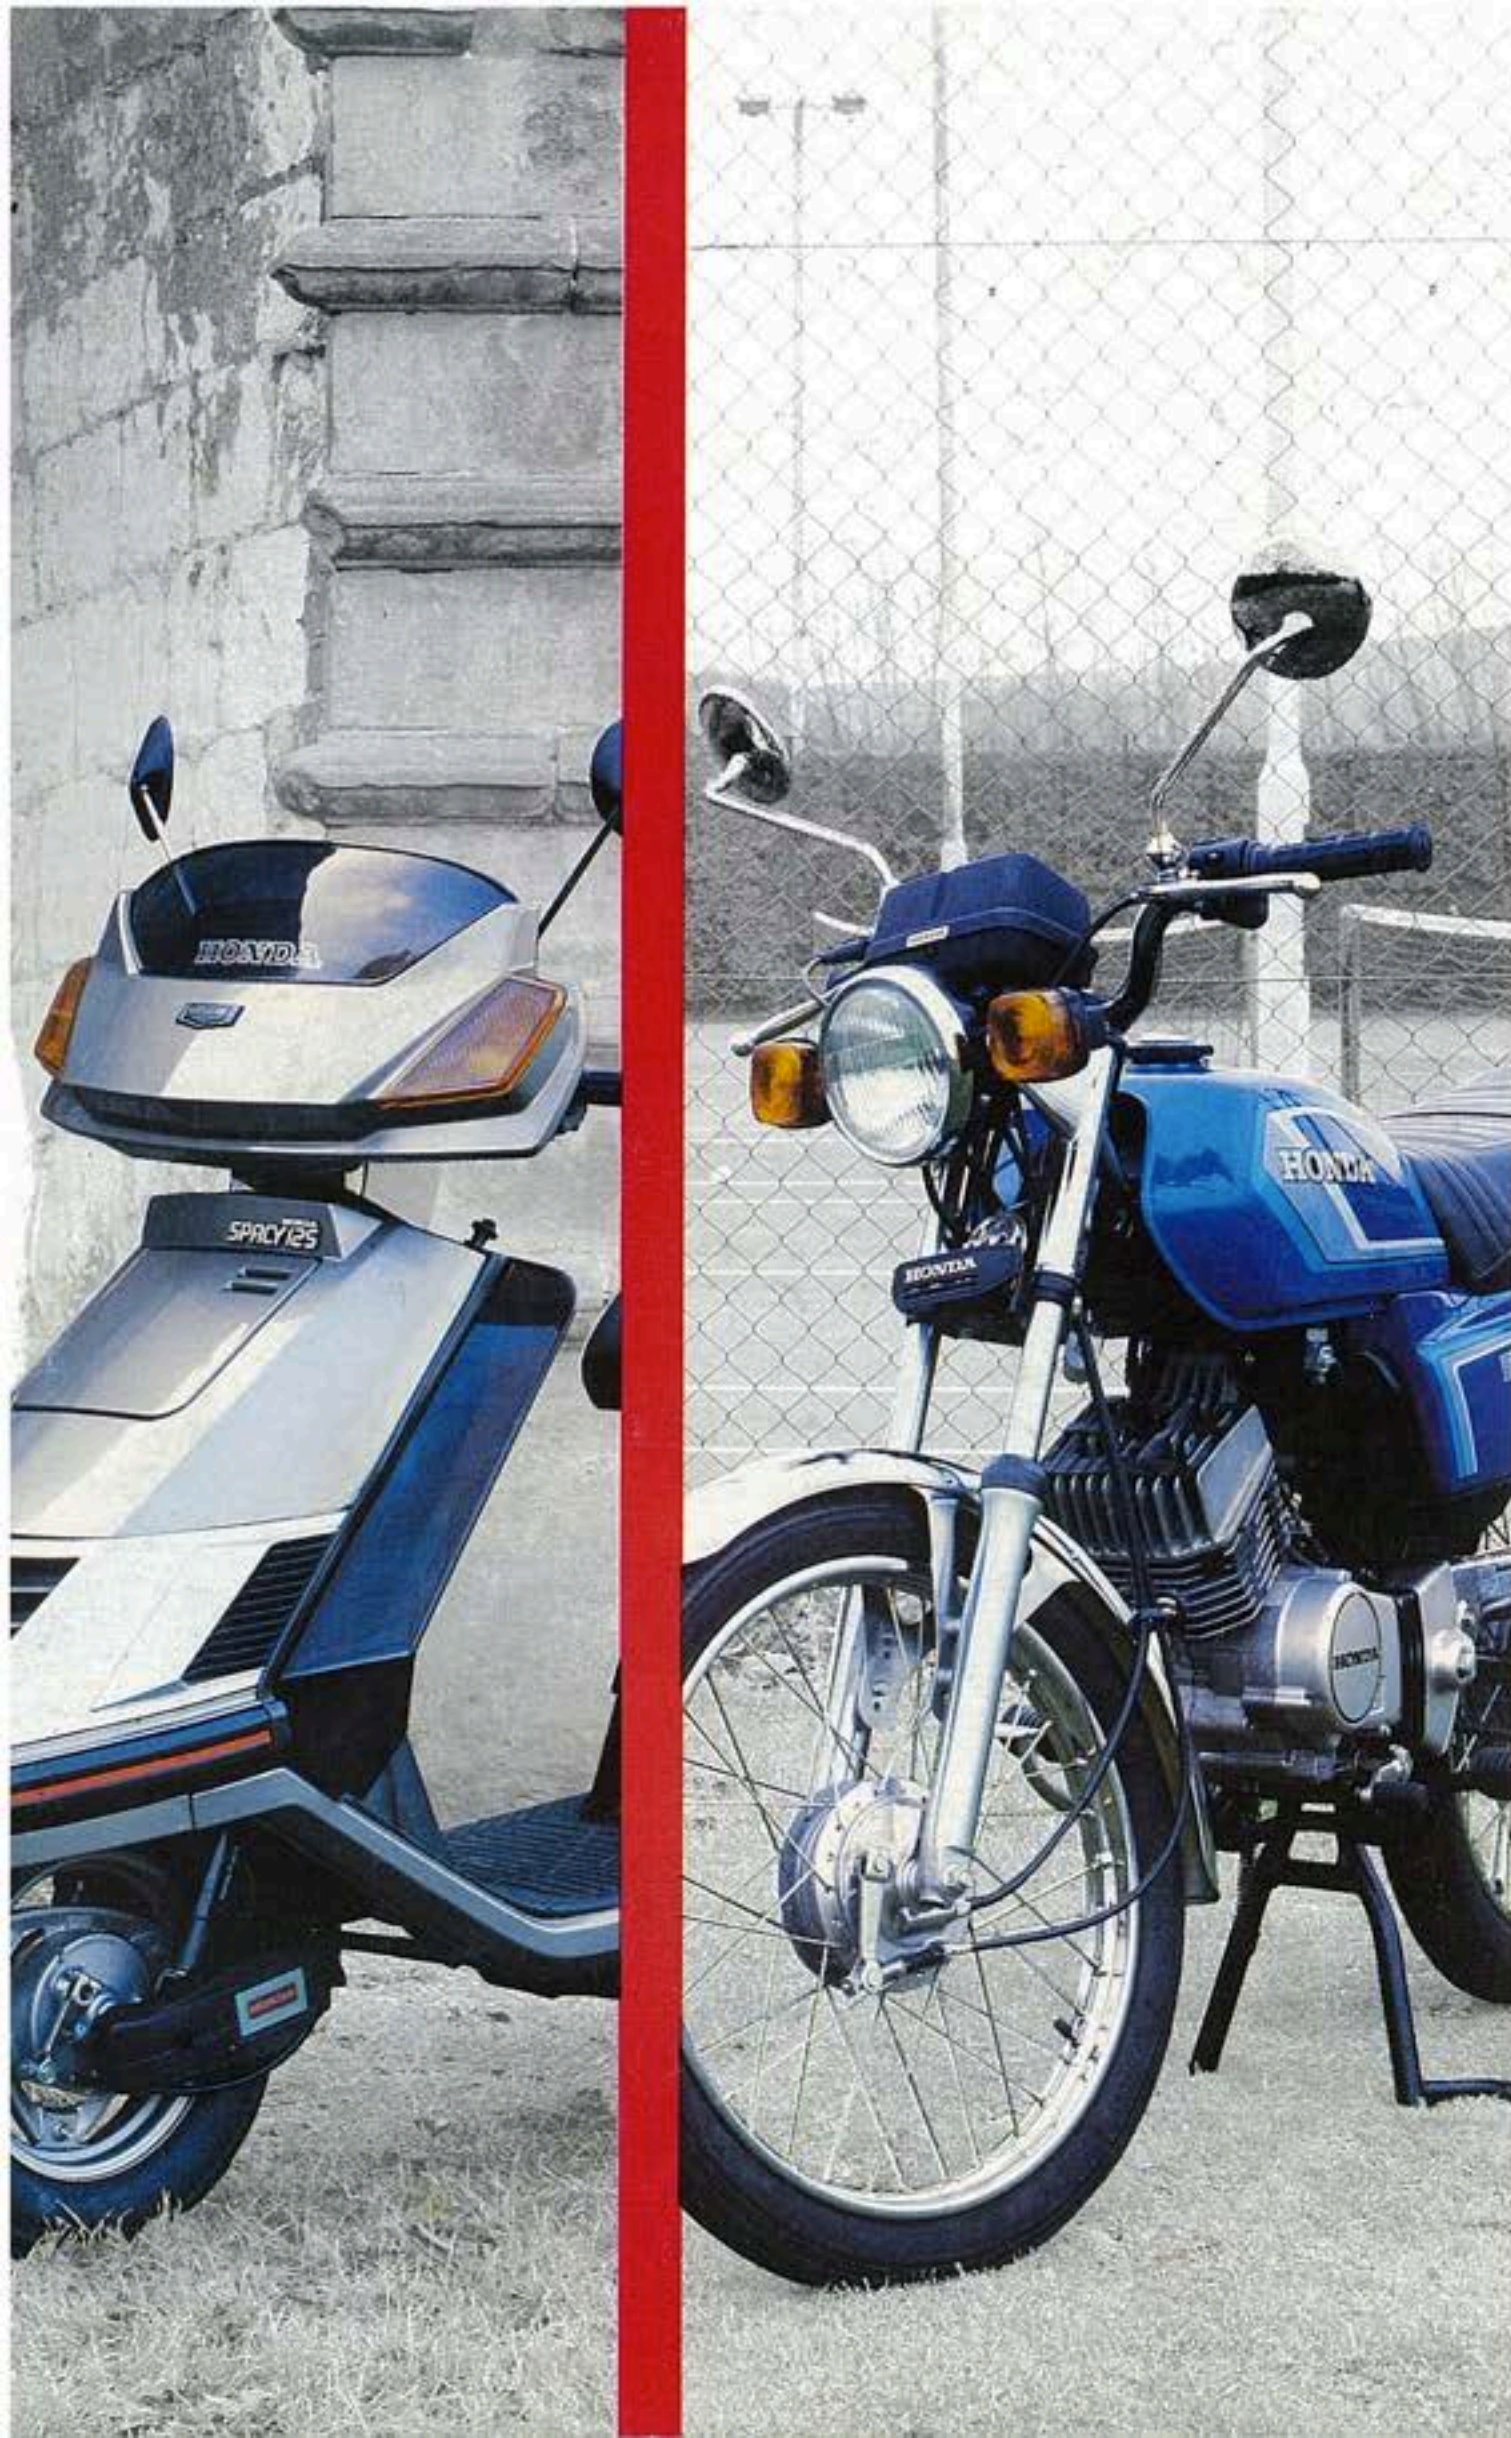

## CG125

The popular lightweight commuter motorcycle that features a single cylinder OHV 4-stroke engine with increased fuel economy system, fully enclosed chain, soft padded dual seat, traffic indicators, twin rear view mirrors and 18" front/17" rear wheels. Dimensions: length 1840mm, width 735mm, height 1025mm with a 10 litre fuel tank.

**Hondacare** is an after-sales service designed to make riding your Honda moped or motorcycle even more fun. Services include the Hondacare Credit Card which can be used to pay for servicing and accessories at the majority of Honda Dealers in the UK. Then there's Hondacare Insurance for the best motorcycle insurance deal around and Hondacare Extended Warranty for an extra 12 months' reassurance.

**Hondastyle** is a range of fashionable but practical outdoor clothing and accessories which have been carefully styled to match not only Honda's two-wheel range but the modern rider's lifestyle as well. There is a wide choice of brightly coloured rainsuits, helmets, boots and gloves for the rider and shopping bags, rear top boxes, and windscreens for Honda mopeds and motorcycles.
