CB

YAMAHA

Whether you're looking for economical urban transportation or the comfort of a touring bike, Yamaha has the ideal scooter for you. Convenience or adventure, we have your ride. Our 49cc models are just the ticket for entry-level riders or downtown commuters, while our 2008 Majesty offers the power of a full-size motorcycle. We've been at the forefront of the scooter game for years; why not try one out and see why? Our scooters will take you places with style and practicality.

MAJESTY

Live like royalty travelling in style aboard our 2008 Majesty. A luxurious ride for pennies per day, this deluxe "maxi-scooter" is functional enough for the daily commute, but packs more than enough punch for those weekend getaways too. There's plenty of room for two people and a whopping 60 litres of cargo space – enough for two helmets – under the plush seat. Highway travel is a breeze with the Majesty's 395cc, 4-valve, 4-stroke engine and automatic transmission, while the weather-beating fairing and windshield offer unparalleled protection from the elements. Experience the ultimate in scooter opulence and sophistication.

We've combined fashion and function to create the Vino family of scooters. Environmentally friendly and fuel-efficient 4-stroke engines put out plenty of predictable power, while forced air cooling keeps them running smoothly even in stop-and-go traffic. Featuring attractive Euro styling, comfortable, roomy seating and amazing gas mileage, our Vino scooters offer a fun way to get where you need to go. Easy on gas, and easy on the wallet, these stylish retro-looking scooters are the ultimate in reliable cool urban transportation. Whether you want the extra zip of our bigger 125cc Vino, or its smaller 49cc sibling, one part of this attractive couple is sure to steal your heart.

C3

OK, so you want to look cool, you want to have fun, but you don't want it to cost a lot, right? Discover the fun of commuting on a scooter. Yamaha's C3 is the perfect ride for the urban adventurer. Its robust 49cc, fuel-injected, 4-stroke engine will whisk you around, and thanks to the fully automatic transmission and convenient electric starter, it's a snap to use. Its peppy performance and big, rugged tires make scooting across town a blast. Plus you'll be scoffing at the fuel pump – this environmentally friendly two-wheeler gets unbelievable gas mileage. The super functional C3 boasts 34 litres of lockable storage space under its practical side-hinge seat and features upgraded attributes like aluminum wheels and a motorcycle-style hydraulic front fork. Funky and fun, "C Cubed" will turn heads all over town!

Looking for a stylish ride that is easy on the budget? Say hello to our best-selling BWS scooter. This sporty fun machine is powered by a peppy 49cc, 2-stroke engine with Yamaha's exclusive Autolube oil injection and electric starting. For 2008 we've combined incredible fuel economy with a new catalyzer exhaust to keep emissions low and your wallet fat. And when it comes to convenience, the BWS is second to none with a fully automatic gas-it-and-go transmission, plus a huge underseat storage area. Why not share the fun with a friend, since the BWS is designed to carry two persons. Personalization is a snap with our Genuine Yamaha accessories designed to fit the BWS. So hop aboard and let the fun begin!

BWS

PARTS & ACCESSORIES

MAJESTY

1. Grip Warmer Kit

Kit provides warmth to keep rider's hands comfortable. No interference with operation, thanks to a continuously variable, battery-saving regulator.

YAMALUBE

Always wear an approved helmet, eye protection and proper riding apparel. Do not drink or take drugs and ride. Read your owner's manual. Ride safely and respect the environment. Every scooter rider should be aware of the limits of his or her skills, experience and abilities and ride accordingly. Beginners should be extremely cautious and allow extra time and distance for manoeuvring and braking. All scooter riders should practise defensive riding and enroll in a recognized safety training course. Fuel consumption figures are based on 40km/hr speed on level ground. All information, specifications and appearance of Yamaha products shown herein are subject to change without notice.
